

# The Script

January 2020

Incoming SCMAFC President Colin Outtrim addresses the 2019 Christmas Party attendees.

## Featured in this issue:

Tupper Project Update

Page 7

2019 Christmas Party

Page 8

## President's Message

I hope everyone has had a Merry Christmas or Happy Hanukkah, in particular spending valuable time with our respective families, friends and loved ones.

This is my first crack at writing the SCMAFC President's message. Taking a hint from Donald T, I have emphasized necessity and expediency in planning 2020. Donald T live streamed his 2019 address on radio, television, and social media thus reaching 63 million people simultaneously. I don't have a Twitter account so am using written text.

I look forward to providing the club with leadership, some humor, dedication and a commitment to progress in areas close to our hearts.

1) Continuing with the "Tupper Project Car" (TPC) restoration work honoring the committee's working checklist, budgets, guidelines and priorities. Keeping in mind a proposed completion date of June 2021 or sooner. This means that the team leaders will set out a schedule of restoration activities for the next 18 months. We all look forward to the monthly status reports.

2) Of significant importance is the Calendar of Events and Tours, some long-standing activities, but I invite all of you to contribute suggestions to myself or Russel Moore for expanding the list of events for 2020. Let's have a safe, exciting and productive year in 2020.

Your president, *Colin Outtrim*

### Stampede City Model A Ford Club Mission Statement

The SCMAFC is devoted to the restoration and preservation of Model A Ford vehicles to protect our automotive heritage for future generations. Membership initiatives and objectives are demonstrated through workshops, tours and participation in community events.

### General Information

Meetings are held on the second Wednesday of each month ( September - June ), normally at the Club Garage at 7:30 PM.

Mailing Address: Stampede City Model A Ford Club, 1411 Southdale Place, SW, Calgary, AB, T2W 0X8

Web Site: [www3.telus.net/scmafc](http://www3.telus.net/scmafc)

email: [scmafc@telus.net](mailto:scmafc@telus.net)

Membership fees are \$35. per family per calendar year. ( add \$20. for mailed newsletter.

The Stampede City Model A Ford Club publishes the 'Ford Script' monthly ( except July and August ). Articles appearing in the 'Ford Script' may be reprinted provided credit is given. All information in the 'Ford Script' is provided for your enjoyment and edification only. No one associated with the 'Ford Script' can be held responsible for errors, omissions, or misinterpreted information even though all efforts will be made to ensure correctness of the content.

Revenue Advertising Mgr.	Keith Robinson	
SVAA Liaison	Lloyd Glover & Don Mazurick	
Web Site Manager	Al Friesen	

# Meeting Minutes

## Stampede City Model A Ford Club Business Meeting Minutes December 11, 2019

**Call to Order:** Gord called the meeting to order at 7:30 PM. Murray wants the minutes to show that he was here prior to the start of the meeting.

**Minutes:** Gord reviewed the decision on the gas pump loaned by Ron Carey. Yvon Picot is going to speak to the Executor of Ron Carey's estate.

*Minutes be adopted as presented. Outtrim/Vair Carried*

**Treasurer:** Deferred

Paul reported that, with the amount we have, we cannot do much better on our GIC rates.

**Membership:** Jeff expressed his appreciation for Yvon's help. Jeff has been sending delinquent members a renewal form up to one year in arrears. The suggestion was that we cut off membership benefits two months into the new year. We need a notice in the Script telling our membership that they have two months to renew. Jeff will present a draft for the February meeting. The goal is to have it published for the March meeting.

**Colin's Club Car Publication:** Kathy has all of the information she and Trevor compiled years ago. There is a picture of each car and a brief summary of the ownership. Kathy will give Colin what she has.

**Capital Assets:** All is good. Paul wants to replace the east sidewalk.

**Tours & Events:** Ron has organized the Christmas dinner.

Ted mentioned that Marv's Classic Diner could do with a visit and we might do a tour. Colin will call the diner to make arrangements.

**Ron Carey Funeral:** Yvon reported that it was held at Gasoline Alley in Heritage Park. He estimated that over 2,000 people were there. It was a fine tribute to Ron.

**Library:** Deferred.

**George Moir Car Library:** If you would like your car posted on their website along with a brief description, call the store.

**Tupper Car Project:** The roller tracks were reproductions and 1/32" to thick. The team is reassembling this coming Saturday to grind with a Dremel enough to get clearance on the shoes. Then assembly, adjustment and centering can take place. Murray expects to have the rear drums mounted at the end of the session. . . Original Toggle Links for the Left side Emergency Brake are not useable and new ones will be purchased and installed.

A stud was loose on one of the drums. The offending stud was undercut and MIG welded. We can use the originally specified roller bearings. Murray told us that there is now an insert sleeve made that needs the hub heated to receive the sleeve then cooled to fix the sleeve in the hub. The 1936 bearing is used with this sleeve insert. There are original bearings that we will use in the standard hub that can work for us.

**Winter Meetings:** The first four meetings of 2020 will be at Woodridge Ford.

**Adjournment:** The meeting was adjourned at 8:40 PM..

## Editor's Notes

Happy New Year everyone! I hope that 2020 will be a great year for you all.

Sheila and I are once again fortunate to escape the Alberta winter weather, having spent Christmas at home with our families we have driven our RV to sunny Arizona, and are currently staying in Yuma.

As usual, the internet allows me to stay in touch with the club members while away and I will be able to put the newsletter together from remote locations.

I wish to thank those members who contribute monthly content for getting their articles to me early this month so I could get an early start on this month's edition prior to us beginning our travels.

I would like to thank Ron Rigby for his Christmas Party planning, we really enjoyed the event and thought the location and the catering were great.

Just a reminder to ensure your 2020 Club membership dues are paid and your details are current on the form that was sent to you by Yvon Picot.

Also a reminder that the January thru April monthly general meetings will be held at the 2nd floor boardroom at Woodridge Ford Lincoln located at 11580 24th Street SE ( Douglas Glen ) on the second Wednesday of the month beginning at 7:30 PM.

Take care everyone!

*Al Friesen*

## January Birthdays

Dan Rigby 4th  
 Rene Decae 6th  
 Sydney Campbell 9th  
 James Rouse 9th  
 Shaun Myram 11th  
 John Kuyltjes 13th  
 Betty Ann Braun 15

 Andy Vair 17th  
 Vivienne Dodd 20th  
 Bryan Williamson 30th

## January Anniversaries

Bobbie and Gary Callander 6  
 Jessie and Russell Moore 16th  
 Vivienne and Dave Dodd 28th

## Jim Callander's 'News from the 'Past'

**40 Years Ago, January , 1980**

**President - George Edworthy**

- Al Shannon published an article on Frame Identification and Restoration.
- Paul Corraini talked to Bill Hogg of the Alberta Motor Vehicles Department in Edmonton and was assured there would be no problem in getting restored Model 'A's registered.
- Paul Chudek and Denis Martel installed a LeBaron- Bonney upholstery kit in Paul's Coupe.
- There was a good tip on how to make a door hinge pin removal tool.

**30 Years Ago, January, 1990**

**President – Emanuel Cohen**

- Emanuel held a Past Presidents meeting to come up with some ideas on club events.
- A clutch and brake work bee was done in the clubhouse.
- There was a skating party at Bowness Lagoon on January 26th.

**20 Years Ago, January, 2000**

**President – Norm Devitt**

- The Club elections were held in January.
- Gary Callander( Vice President ) volunteered to draw a different Model of Model 'A' every month for the Script.

**10 Years Ago, January , 2010**

**President – Chris Brancaccio**

- The cover page was of Michael Callander receiving the MAFCA Youth Achievement Award.
- Ewald and Betty Ann Braun joined the club.
- Larry Duncan hosted a tour of the Calgary Fire Department Maintenance facility.
- Sid Gough wrote that if you are having mice problems, the best solution he has found was putting your car up on jack stands.
- Glenn Smith reported on the Axle Seminar held at SAIT by Bill Davidson.

## Sid Gough's 'Tech Talk'

First I want to wish one and all a very Happy New Year. May it be better than 2019.

It is interesting how science and technology change over the years. A few examples are: The world is flat, the sun rotates around the earth, electricity flows from negative to positive.

For many years it was commonly accepted that electricity went to the positive pole. That is strange as that pole was often referred to as "earth". We now call it "ground". This belief continued into the early 30's. That is one reason many of the cars of that era used a positive ground.

The starter and generator both rely on the correct current flow direction. Lights and horn will work no matter which direction the current goes.

The battery and generator produce DC (direct current). Connecting the wrong lead to the battery can damage the battery, starter and generator.

To act as a reminder of correct connection remember that all wiring connections have to be as low resistance as possible, clean and tight. Therefore they are a "positive connection" as is the ground connection.

*Sid Gough* — Technical Director

---

Happy  
New Year  
2020!

## Tupper Project Car Update

The roller tracks were reproductions and 1/32" too thick. The team is reassembling this coming Saturday to grind with a Dremel enough to get clearance on the shoes. Then assembly, adjustment and centering can take place. Murray expects to have the rear drums mounted at the end of the session. Original toggle links for the left side emergency brake are not useable and new ones will be purchased and installed.

A stud was loose on one of the drums. The offending stud was undercut and MIG welded. We can use the originally specified roller bearings. Murray told us that there is now an insert sleeve made that needs the hub heated to receive the sleeve then cooled to fix the sleeve in the hub. The 1936 bearing is used with this sleeve insert. There are original bearings that we will use in the standard hub that can work for us.

## **"December 15th, 2019 Christmas Party Report "**

***It is a distinct pleasure*** to report that 52 of our club members participated in the Club's 2019 Christmas party, all of whom appeared to have enjoyed themselves!

***Once again***, with our Christmas meal being catered to, in this instance by Harmony Catering from Airdrie and our getting together at the Springbank Heritage Hall west of Calgary for the first time, members were once again able to enjoy their evening without having to expend an excess of personal effort, excepting for having helped put the tables and chairs away afterward.

***Besides*** a hearty thank you to Gord Rouse for chairing the event and Colin Outtrim for voicing a pre-dinner blessing, a thank you each is due to Al & Sheila Friesen for organizing and operating the slide show, to Gary & Bobbie-May Callander for manning the entry and the 50/50 draw, and to Kathy Chudek for preparing the anniversary pins that were presented. Also to the member couples/families (Robinson, Rigby, Callander, Rouse, Friesen, Smith, McPhail, Chudek, Hill, & Campbell) who donated the draw prizes, as well as to Ron & Irene who acted as our interface with the Hall and the Caterer for the event.

***Congratulations*** are also not only extended to the various members who received membership anniversary pins, but to Gary & Bobbie-May Callander who received this year's 'Participation Award' and to Jeff Brooks for being recognized as the "Outstanding Contributor" to the club for 2019.

***Lastly***, we thank each and every one of the participants whose spirit of comradeship contributed to the success of the event..

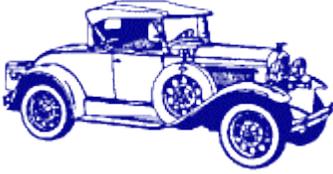

***May you all*** enjoy good health, success, and a great series of Model A activities under Russell Moore's 'Touring and Activities Leadership' in 2020!

**Ron Rigby**

## Classified Ads

**FREE:** Set of Restorer magazines, from the first issues in the 1950's through to the 1990's. Call Arnold at 403-254-4572.
